From 1993 till 2003 in accordance with the contracts, concluded with Dutch companies, 11 vessel's hulls for export were built. Among them there are 4 ferries (project 6730), 2 floating crane pontoons, 7 container vessel hulls (project P-980) and 2 dumb barges. Vessel hulls are constructed for the “Germanischer LLOYD” class, providing the customer with the relevant certificates for the used material.

2. Contact person: Director Mr. Kamenchukov Igor Vasilievich  
tel./fax: (02340) 57291
